About Fencing at Liberty FC

Liberty Fencing Club's **Home School Program** is designed for competitive and beginner fencers in sabre, epee, and foil. The program includes fitness instruction, games, skill training, tactics/strategy, competitive bouts, and more. Our experienced fencing coaches are from **Swarthmore College** and have coached on the national or international level. All classes are held in our outstanding **air conditioned** facility with a new **state-of-the-art sprung floor** with 9 permanent fencing strips. Equipment provided. Liberty FC is a member of USA Fencing. Our training has already been approved for PE credit by two prestigious private schools. There are NCAA and club fencing teams at many colleges, and even fencing scholarship opportunities. We have flexible times, dates, curricula, and terms for our Home School Program.

LIBERTY FENCING CLUB

Home School Program to be held at our new Bucks County location
