LAURENCE (LAURIE) SCHILLER

Week 1: June 20-24, 2015

Week 2: August 10-14, 2015

Our 2015 summer fencing program is a 3-weapon day camp run by Laurence ("Laurie") Schiller, storied Northwestern University Head Fencing Coach, with the coaching staffs from the Lafayette College and Swarthmore College Men's & Women's Fencing Teams in Liberty Fencing Club's newly-expanded air-conditioned facility with state-of-the-art sprung floors, 11 permanent fencing strips, video replay, and FIE grounded strips. Our in-house pro-shop is an official Absolute Fencing Gear Pro Shop (in-stock and custom orders) and also features Leon Paul products and custom performance apparel in stock.

For the advanced and elite fencers going to Summer Nationals, Week 1 will have a special focus to prepare you for that. For the beginner, intermediate, and other fencers not going to Summer Nationals, the focus will be similar to the camp in previous years and work on growth, development, and fun.

Liberty Fencing Club's summer day camp is designed for competitive and beginner fencers in sabre, epee, and foil. The camp is open to any and all fencers from new through experienced, advanced, and elite. The program includes fitness instruction, games, skill training, tactics/strategy, competitive bouts, and more.

For Week 1: Preregistration & payment due May 15.

For Week 2: Preregistration & payment due July 6.

IVAN LEE

August 3-7, 2015

The camp will include footwork classes, general physical fitness sessions, private lessons, and free fencing with Coach Lee and camp participants. There will also be personalized sit-downs where Coach Lee will talk about fencing, mental preparation, handling emotions, diet, managing time, and other topics. Strategy, tactics, and video replay will be elements of the camp as well.

Coaches Lee and Schiller will be assisted by the Liberty's experienced fencing coaches from Lafayette College and Swarthmore College who have coached on the national and international level. Coach Marshal also coached Team USA at the World Maccabiah Games in Israel (2013) and the European Maccabi Games in Vienna (2011), each time bringing home record-breaking team and individual medal counts for Team USA. Coach Helen fences for the Dominican Republic's national sabre team and is the youngest NCAA head fencing coach in the United States, only Latina varsity college fencing coach, and just one of two female head coaches of NCAA Division I varsity teams.

Payment due June 1. For registrations after June 1, an additional \$50 is due, and payment in full is required at the time of registration.

General Information About Both Camps & Liberty Fencing Club

All camps are held in our newly expanded, outstanding, air conditioned facility with 2 state-of-the-art sprung floors with eleven (11) permanent fencing strips, pro shop, video replay, spectator/cafe area, 2 FIE aluminum panel grounded strips, full electric scoring equipment, complete armory, and more! Our experienced fencing coaches include current coaches from Lafayette College, Swarthmore College, and Northwestern University and have coached on the national and international level. All LFC coaches are background-checked USA Fencing Professional Members and SafeSport approved. LFC Fencing Camp starts at 9:00 AM and ends at 5:00 PM Monday through Friday. Early drop off and late pick up are available. BYOL – Bring Your Own Lunch (refrigerator & microwave available and take-out can be arranged).

Please contact Liberty to arrange payment directly if any of the discounts, scholarships, or financial assistance apply to you (please still preregister online on askFRED). For more payment details and terms, please visit our website. Due to our need to adequately staff our camps and provide the high levels of personal attention and uniquely low coach to student ratios that we are known for, prepayment is required. Current USA Fencing membership required (\$10/yr. non-competitive is fine).

Scholarship/financial assistance is available for those who qualify.

Hotel Discounts Available (please see details on our website).
